

LANDSCAPE CONSULTATION SERVICES

G. biloba Gardens is a full service design/build company that offers personal, site-specific consultations to help our clients discover their property's true design potential.

- Creative & practical design ideas to enhance the enjoyment and usefulness of your property
- Sensible approaches to project planning and budget development
- Design services available to illustrate and elaborate on concepts discussed
- Development of project specs and costs, including technical site plans for building permits, etc.
- Valuable for 'DIY'ers who need advice getting started on a project
- Personal instruction to care for your plants and gardens, insuring the long-term health and beauty of your property
- Field-tested techniques offered to solve existing site problems
- Respected, unbiased opinions you can trust
